Your flexible foiling specialist

FOILEX - the company

Foilex is one of the leading specialists in the laminating industry, with a wide-ranging portfolio of foiling window, door, roofline and associated building products made from PVC, aluminium and wood.

Founded over a decade ago the company operating from 30,000 sq ft of warehousing, has grown to operating eight production lines 24 hours a day with customer service as its number one priority. Continuous investment in machinery and people ensures that our philosophy of 'can do, will do' always puts Foilex at the forefront in customers minds.

Foilex can;

- Assure you of confidentiality
- Offer you a complete range of Cova, Renolit, Hornschuch and many other finishes
- Offer a complete foiling service on a variety of products
- Collect and deliver to your premises if required
- Offer the most competitive prices on both short and long run laminating
- Offer you a reliable and rapid turnaround

The team at Foilex is committed to offering you the best service available and in our vast experience have foiled virtually every PVC-U profile type. We work with the local college to allow all personnel to achieve NVQ1 and 2 in foiling operations (a unique qualification instigated by Foilex). As a business all our products are compliant to BS7722 and we are BSI registered as a business.

Foilex is also unique in that we foil a whole range of systems, components and accessories on a regular basis enabling greater flexibility in planning and production. In turn you get delivery when you want it!!

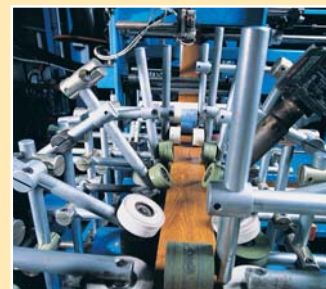

As a business we operate using Microsoft Navision™ MRP, linked to an advanced planning and scheduling system called Preactor™, both systems ensure every stage of the process is accurately monitored and controlled.

FOILEX - the services

We offer you the choice of 3 different levels of service from which to choose;

1 Standard

- 500 metres minimum batch size which can be made up of a mix of finishes
- 2 week turnaround from receipt of order
- Price per metre can be fixed or incremental relating to batch size
- Price is ex works but transport can be arranged upon request

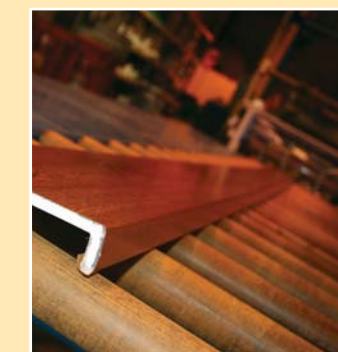

Foilexpress

2 Foilexpress

- Short runs from just 6 metres up to 500 metres batch size
- Choice of a 7 or 9 day turnaround
- Standard price per metre plus visible foilexpress premium charge based upon individual set ups
- Foilex guarantee that the foilexpress premium will be waived if the turnaround exceeds 7 or 9 days
- Price is ex works but transport can be arranged upon request

3 Custom

- Foilex can make available both equipment and personnel to meet any foiling requirement
- This could include expertise, guidance and assistance in setting up lamination in-house
- All enquiries will be treated in the strictest of confidence

On all three service levels we offer a choice of Cova, Renolit, Hornschuch and other specialist foils available in a wide range of colours many off the shelf.

We also have our own in house foil slitting facility ensuring flexibility of choice and run size.

FOILEX SERVICE offering you the fastest turnaround times, the greatest flexibility, a choice of sizes in all profiles.

We can also foil a host of aluminium, wood or rigid material upon request, making Foilex your truly flexible foiler.
